

CHILDREN'S HOME SOCIETY MEETS

Superintendent W. J. Maybee
Makes His Annual
Report.

NEW BOARD OF DIRECTORS

Treasurer's Report Shows a
Balance in Hand—New
Receiving Home.

The fourth annual meeting of the Children's Home Society of Virginia was held last night at the Y. M. C. A. building.

Rev. Mr. William J. Maybee, president, in making his report, said in part: For the first three years the superintendent was able, with the co-operation of the local advisory boards, to visit and look after the children placed in homes, but our ever increasing family of little ones made it necessary to elect an experienced person for that purpose, consequently Miss P. E. Russell, who had up to that time been our office secretary, was elected by the Executive Committee last October as visiting secretary, at which time Miss Spray Maybee was elected office secretary, both of whom have rendered efficient services.

The duties of the visiting secretary are to visit, in a friendly way, all the children placed in families and not adopted at least twice a year, and make an individual report on a prepared blank as to the fitness of each child to the home, and the home to the child. These reports show that the homes in which the children are placed are not those of the very common poor people, but those of the intelligent and well-to-do class, who take great delight in sharing their homes with these homeless little ones. It is also gratifying to state that no child has yet been removed from the family in which it was placed because of abuse or gross neglect.

With the record of the work already done, the time has now arrived when it becomes imperative for the future growth of the society to purchase a building, costing probably eight or ten thousand dollars, which would accommodate from fifteen to twenty-five children at the same time. In addition to this efforts should be made to secure an endowment of at least fifty thousand dollars as soon as possible to be invested in good security. Interest only to be used, to help meet current expenses, as the society at present has no legacies or endowments, but is entirely dependent on voluntary membership fees and contributions for its support. With such a provision many more needy children could be reached, as the work heretofore has required a considerable portion of the superintendent's time to secure necessary funds, which could be better spent in rescuing children from vile surroundings.

Receives Gold Medal.
We are pleased to announce that in response to an invitation from the secretary of the National Children's Home Society, Mr. H. H. Hart, of Chicago, our society joined the other twenty-five state organizations in an exhibit of pictures, literature and methods of caring for children at the St. Louis Purchase Exposition, and received the grand gold medal. The text of the award is in the following language: "To all whom it may concern: These presents declare and certify that to the Children's Home Society of Virginia and the twenty-five affiliated state societies, comprising the National Children's Home Society, has been awarded the grand prize by the jury of awards of the Louisiana Purchase Exposition. The official ribbon received in emblem of authority to make known to the world this distinction."

Treasurer's Report.
Mr. Robert M. Kent, treasurer, reported that the income of the association for the past year had been \$1,452.51 and the disbursements \$1,208.29, leaving a balance of \$244.22.

The following resolution was then adopted:

In accordance with the recommendation of the superintendent, the society passed a resolution recommending the board to raise money for the establishment of a receiving home for the temporary care of the children.

The association elected the following board of directors: Joseph Bryan, Judge B. H. Wellford, E. Rahn, Rev. William Meade Clark, D. D., Charles Straus, W. H. Clemmitt, Dr. M. D. Hoge, Jr., Rev. R. L. Smith, D. D., John L. Williams, Hon. Charles T. O'Ferrall, Rev. Edward N. Calisch, D. D., John P. Branch, George A. Schmeiz, George B. Davis, T. T. Fishburne, Judge R. T. W. Duke, Hon. Articles On Physical Culture In Sunday Times-Dispatch

The Times-Dispatch will begin next Sunday the publication of a series of articles on Physical Culture and Hygienic Body Building, prepared for his paper by Anton Schatzel, formerly of Richmond, but now director of physical training at the Young Men's Christian Association in Portland, Me. The series comprises six articles in all, which will be published on successive Sundays until completed.

These articles are the most valuable addition to the present methods of Physical Culture. They are prepared by a man who is a thorough master of his profession and embody the results of his long study and practical experience with both men and women. He has had men of the highest standing under his care, and has secured the best results for them. He is not a believer in such systems of physical culture that will merely produce large muscles, for he says the bod-carrier is not a specimen of perfect physical development, and, furthermore, a man may have large bunches of muscles and not be healthy at all. If our readers will persistently practice this system of physical culture, they will surely be benefitted.

Professor Schatzel assures us that ill health is unnecessary to the most of us, and can easily be avoided by the right way of living and the right amount of exercise.

He says, "That the dispeptic and the man who always complains of feeling bad stands no chance with the man who is in good health in life's race for supremacy.

To work with pleasure—
To catch an idea—

To plan with success—
and to grasp a difficult problem quickly that will meet all your requirements, you must first have a clear and active mind and good digestion and be able to sleep soundly after a day of nerve and brain-racking labor.

The proper course of physical diet table in which mention of such foods will be made that should be avoided under certain conditions.

In addition to the talks on general subjects, each lesson will contain a series of exercises, so graduated, as to give the best results in physical development.

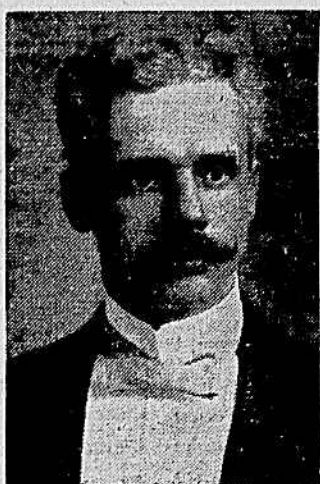

All the exercises are planned so that they may be taken at home, and no apparatus of any kind is required.

The exercises are described fully and are illustrated with cuts, showing all the movements outlined, so that they may be followed with ease.

The six weeks' course gives a complete system of body building, and is exactly the same as that which is being given in the Y. M. C. A. gymnasium of his city.

Those who follow the system prescribed by Professor Schatzel will find at the close of the series that they have been benefitted, have been made healthy and strong, can carry on their business with less worry, eat better, sleep better, and are cured of all traces of nervousness.

They will have received expert instruction on matters of health that will be of untold value to them every day.

PROF. ANTON SCHATZEL.

sical culture will produce this, and this is the aim of this course."

Each article is preceded on general rules for health and exercise, in which the writer takes up the reasons for exercise, the best time and manner of taking it, with the proper amount suitable to the average person. The hygienic subjects treated in this course will be on the proper amount of bathing, rules for diet, breathing, clothing, rest, use of eyesight, how to reduce weight and how to increase weight, with a complete table that should be avoided under certain conditions.

Tragedy in Georgia Grows Out
of Horsemanship of
Aged Man.

(By Associated Press.)
COLUMBUS, GA., June 8.—A tragedy occurred at Chipleys in which Dr. John C. Hardy, a prominent physician of that town, was killed; Mayor S. A. Goodman was slightly wounded, and Marshal Olin White had two bullet holes shot through his clothing. Dr. Hardy had publicly horsemanshiped an aged white citizen during the morning, and he later appeared at the mayor's office, where he and the mayor became involved in a difficulty concerning the amount of fine that was to be imposed upon him. Marshal White was present. Dr. Hardy opened fire on the mayor and the marshal. The marshal returned the fire. Dr. Hardy was shot twice, once in the head and once in the stomach, dying instantly. Mayor Goodman was shot in the arm by Dr. Hardy.

WILL BE REFUGE FROM BUSY LIFE OF CAPITAL

Mrs. Roosevelt Will Use Albemarle Home for Rest and Change.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., June 8.—Mrs. Roosevelt left this morning for Rapidan, Va., where she will be the guest for several days of Mr. and Mrs. Joseph Wilmer. This will be the second visit the President's wife has made at the home of these friends, as once before she and the President were their guests. While there Mrs. Roosevelt will be quietly entertained, and the good old Virginia hospitality will lack all display. The change will be a complete rest to Mrs. Roosevelt, as she left all the children at the White House, where they will be under the care of their governesses and maids.

Mrs. Roosevelt, as already announced, has purchased a portion of a farm in Albemarle county. It is her intention to use it as a sort of refuge or retreat when social or domestic duties become too onerous. It is so near Washington she can slip away for a day or two of complete rest and change.

Miss Alice Roosevelt expects to terminate her visit in Cincinnati to-morrow.

Flood Subsiding.

WAS MADE A PRINCE AND A MILLIONAIRE ALL IN A DAY.

Fortune and Title for Chancellor
Von Buelow Came at Same
Time.

(By Associated Press.)
BERLIN, June 8.—Prince Von Buelow, the German chancellor, received notice June 5th that the amount of his inheritance under the will of the late Herr Godefroy, the Hamburg millionaire, is \$1,375,000. This was the same day that Emperor William gave him his patent of prince.

The prince was a comparatively poor man, having almost wholly upon his salary as chancellor and the allowances attached to his position. Two reasons, it was formerly said, why Von Buelow preferred not to be created a prince was that the dignity of the rank required a large fortune properly to sustain it, and that he had no children to whom he could transmit the title.

Herr Godefroy's entire property is valued by the executor at about \$5,000,000, of which \$2,500,000 goes to other heirs and \$2,500,000 to charities.

WASHINGTON, D. C., June 8.—Mr. J. H. Lawler, manager of the Georgetown baseball team, to-night gave out the following statement in connection with athletic relations with the University of Virginia: "The advisory board of Georgetown has been instructed not to ratify the Virginia agreement, but this does not affect the game on Saturday."

Mangus—Wallace.

(Special to The Times-Dispatch.)
M'FARLANDS, VA., June 8.—Woodland, the beautiful country home of Mr. and Mrs. Wallace, in Lunenburg county, was the scene Wednesday afternoon of a home wedding, which for beauty of both things and persons connected with it, was an affair of peculiar interest to the community. The contracting parties were Mr. S. D. Mangus, of Vesuvius, Va., and Miss Phoebe Wallace, of Woodland, Lunenburg county.

First came in the ushers, Mr. John W. Hethorn and Mr. William Baskerville, who were followed by the bridesmaids, Miss Mary Ann Nettlet came in first, waiting with Mr. William Marshall; then came Miss Elizabeth Hethorn with Mr. Y. G. Lucy Nettlet and Mr. N. R. Baskerville, while Miss Beulah Mangus and Mr. W. G. Epes, who were the bridesmaids, waited. They came the groom, accompanied by his best man, Mr. Marshall Mangus, of Roanoke, Va.; next Miss Margaret Nettlet, who was the bride's maid. She was attired in blue with cream trimmings, and came in alone, she being made of honor to the bride. After her, the bride, Miss Phoebe Wallace, appeared in the door way, and marching down the aisle, she was met by the groom, who was waiting for her at the altar. They were then joined by the Rev. B. F. Bedinger, who spoke the words that made them one.

At 7 o'clock the bride and groom left for Baltimore, where they will be married. The bride's father, Mr. S. D. Mangus, spoke the words that made them one.

MINERS WILL STRIKE NEXT FOR 8-HOUR DAY

(By Associated Press.)
SCRANTON, PA., June 8.—President John Mitchell, of the United Mine Workers, addressed a mass meeting of 2,500 people at Minooka to-night, outlining the policy of the United Mine Workers at the expiration of the agreement now in force in the anthracite region. It was evident from the tone of Mr. Mitchell's address that he main issue in the next agreement will be the eight-hour day.

Suit of Young Lady Against Old Dominion Company.
The United States Circuit Court was engaged all of yesterday in the further hearing of the damage suit of Miss Nannie Morgan vs. the Old Dominion Steamship Company, but without concluding the case. After the testimony was all in, the jury was adjourned to-day. The attorneys then continued their argument on the motion of defendant's counsel to instruct the jury to find for the defendant on the ground that the plaintiff had not made out a case that would entitle her to a verdict.

When the jurors returned at 5 o'clock, Judge Waddill announced that there was then no probability that the argument would be concluded in time to permit of reaching a conclusion yesterday, and adjourned the jury to-day. The attorneys then continued their argument on the motion and occupied the time until adjournment at 10 o'clock. The case will be resumed this morning and will probably be concluded.

At yesterday's session the defendant introduced some prominent witnesses, including Rear-Admiral Harrington, United States navy; Dr. G. W. P. Brock, Edward McNeill, of the United States navy, and others. The case is being well fought for the plaintiff by McGuire & Kelly, while Mr. W. H. White, of Norfolk, is the leading counsel for the steamship company.

MUST STAND TRIAL.

Thomas Bruce Will Be Delivered to Authorities of New Jersey.

Deputy-Clerk Claude M. Dean, of the United States Circuit Court of Appeals, has just forwarded to the clerk of the Circuit Court of the United States at Baltimore, announcing the affirmation by the higher court of the order of the Circuit Court, remanding Thomas Bruce to the custody of the Maryland officials for delivery to the authorities of the State of New Jersey, where Bruce stands indicted for bigamy.

This case is an interesting one by reason of the fact that Bruce long resided in this State, and that his lawful wife was for many years a resident of Richmond. Bruce, when arrested in Baltimore, pleaded the bar of limitation of the New Jersey statutes, alleging that he was not a fugitive of justice during the period of more than two years that intervened between the alleged offence and the date of his arrest. The appellate court did not sustain his contention and by its action subjects Bruce to trial for his offence, which was not denied in the pleadings.
